## Insects

Is that bug an insect?  
Can it be?  
Count the body parts.  
Are there three?  
Count the legs.  
Are there six that you see?  
On its head  
Are there two antennae?

If you answer yes, then we can agree.  
That bug is an insect. Absolutely!

## Hello Parents and Carers

### Our Learning

#### This Week

As always in Nursery it has been a very busy week! Lots of learning happening and lots of talking with our friends.

We have been enjoying our favourite stories, learning some poetry and singing songs. Some of the children have enjoyed the chance to perform for their class.

In Phonics we have been learning our new sound and letter 'u'.

The children have been learning about insects (mini bugs or mini beasts) and finding some outside including slugs, snails and bumble bees.

In Number we are practising our counting skills and using 10 frames.

#### Next Week

We hope parents and carers all enjoy this week away from the school routine. School starts again for children on **Tuesday 4<sup>th</sup> June!** Let's hope we have some good weather, so that you can go out and explore the outdoors!

The children have been learning a lot about animals this half term. Here are some great places nearby that you may want to visit:

*Please continue to read books with your child and give them plenty of opportunities for mark making and name writing.*
